FOREWORD

As the students of Hamilton High have advanced through the hallowed halls of this school, they have left behind them many memories, some very pleasant and others not so pleasant. This school year has been no exception.

We have experienced the joy of winning a football game, the heartbreak of losing one, the sadness of an "F" on a test, the delight of an "A", the bewilderment and pride of receiving unexpected praise from that certain teacher, and the warm glow inside when that certain boy or girl gave us a special smile.

These are some of the same memories that students have had all through the years, but to us each moment of our year has a special place in our hearts. We shall remember these and other wonderful memories.

We shall remember some of the lessons of humanity that we have learned and try to put them to use in our daily lives. By pondering our high school memories in our hearts we shall always be close to our Alma Mater. Through our memories we can always be young at heart.

This, the 1965 Agi-H-Eco, will help to preserve these memories, which are among our most treasured possessions.
